

CUNY DESIGN PROJECT

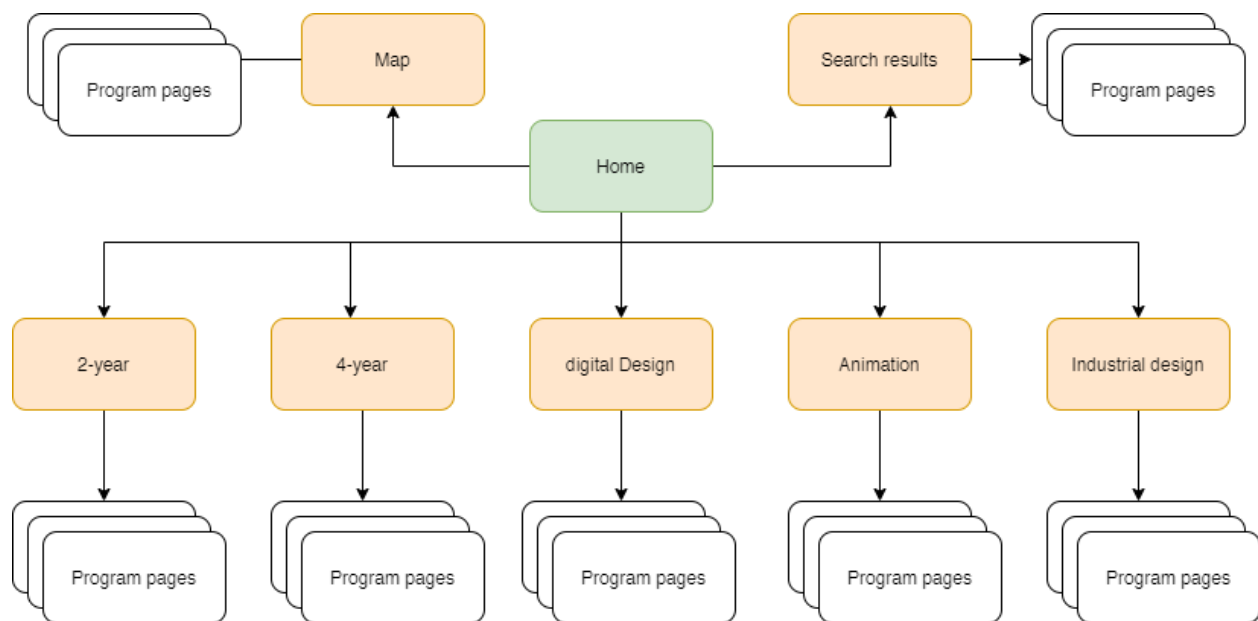

Design and develop a *responsive website* that helps prospective students find a [design or animation program in CUNY](#).

Visitors should be able to search programs by degree, by topic, and on a map of NYC, or enter a keyword in a search box.

The site must be optimized to support different viewport sizes, with 3 breakpoints for desktop, tablet and mobile.

Target audience: prospective CUNY students. Learn about the [demographic profile of CUNY students](#).

SITEMAP

This project is divided into three assignments:

[Assignment 1: Program Pages](#). Due 3/25 for first program page, the rest of the pages are due 4/1

[Assignment 2: Category Pages](#). Due 4/7

[Assignment 3/Final: Homepage, remaining pages and publishing the site](#). Due 5/13
