# CUNY Design Project

Stage 2: Category Pages

These pages Contain the list of programs that fit under these categories. The programs are arranged in cards. Each card includes the following items:

REQUIREMENTS

- Use the same design elements defined in your style tile for program pages (colors, fonts, backgrounds and overall style)
- All pages must share the same layout and overall design.
- <mark>Design must adapt to different screen sizes.</mark>
- Include all text provided.
- Programs must be arranged in cards
- Cards must ne arranged in columns and rows
- Include an image with every card.
- HTML code must be validated and correct.
- All styling must be achieved with CSS.

Content for category pages:

School names, program names and degrees are in this file. Images you can take from the websites of the programs or from free stock photography websites.
